Point Values
1 pt. - Jumps (Including Panel Jump)
3 pts. - Tunnels, Weaves, Double
5 pts. - A-Frame, Teeter, Combo

Everything may be done twice for points
Gamble obstacles may be done once for gamble points plus 2 more times for regular points

There are 3 different distance gambles on course, BEFORE the first whistle your dog must successfully complete one of the gambles- you may do more than one but must do at least one.

All 3 gambles are worth 20 points

They must be done in the order they're labeled.

You must be done with the gamble before the first whistle sounds in order to get credit for it.
You do not get the normal value of obstacles plus gamble points - however if you fault an obstacle during a gamble attempt you will get point values for obstacles successfully completed

Necessary to Q
1-Successfully perform at least one of the gambles
2-Accumulate enough points for your level
3-Take the finish jump without going over time
